

## Thematic Session

**Session title:** Algebraic Geometry

**Organizers:**

Slawomir Cynk, Jagiellonian University Krakow, [urlSlawomir.Cynk@im.uj.edu.pl](mailto:urlSlawomir.Cynk@im.uj.edu.pl)

Stefan Mueller-Stach, Johannes-Gutenberg-Universitaet Mainz, [stach@uni-mainz.de](mailto:stach@uni-mainz.de)

Tomasz Szemberg, Pedagogical University Krakow, [szemberg@ap.krakow.pl](mailto:szemberg@ap.krakow.pl)

Matthias Schuett, Leibniz Universitaet Hannover, [schuett@math.uni-hannover.de](mailto:schuett@math.uni-hannover.de)

**Description of the topic:**

This session will focus on recent advances in algebraic geometry. We anticipate talks on topics as diverse as moduli spaces, derived categories, special varieties such as Calabi-Yau, low dimensional geometry and configuration problems.
